What investment services and advice can you provide me?	<p>Validus offers separate account investment management services to retail and institutional investors. All separately managed client accounts are invested according to a specific Validus model strategy, consistent with your risk profile. On a limited basis, we provide asset allocation portfolios to existing clients with a changing risk profile. Validus’ minimum account size for separate account management is \$1,000,000, however we reserve the right to accept smaller accounts at our discretion. We accept discretionary authority over client assets, which means we determine which securities to buy and sell. However, you have the opportunity to place reasonable client-specific restrictions on your accounts. We do not offer non-discretionary services to retail investors. All separately managed accounts are reviewed periodically for consistency with investment guidelines and restrictions. Validus also serves as the sub-adviser to a fund that is a listed closed-end registered investment company fund that is available to retail investors. If Validus allocates a separately managed client’s portfolio into the Fund, Validus will receive compensation as sub-adviser to the fund but will exclude those assets from the investment advisory fee charged to the client. Validus also provides investment research services such as security analysis and asset allocation to clients which include investment advisers, broker dealers and financial institutions.</p> <p>For additional information, please see Validus Growth Investors Part 2 Brochure Items 4- Advisory Business and Item 7 – Types of Clients at: https://adviserinfo.sec.gov/firm/summary/166575</p> <p><u>Conversation Starter / Questions to ask your Adviser:</u></p> <ul style="list-style-type: none"> - Given my financial situation, should I choose to work with an investment adviser? What fees will I pay?	<p>The fee rates for separate account management are either fee-based or performance-based. Validus generally deducts fees in arrears on a quarterly basis based upon the average assets under management during the period. You may also elect to be billed directly. Performance fees are determined annually. Below is our fee schedule:</p> <table border="1" data-bbox="381 1354 1559 1606"> <thead> <tr> <th></th> <th>AUM</th> <th>Fees</th> <th></th> <th>Optional Performance-Based Fee</th> </tr> </thead> <tbody> <tr> <td rowspan="2">Separate Account Management</td> <td>Less than \$1m</td> <td>1.25%</td> <td rowspan="2">OR</td> <td rowspan="2">0.70% Base Fee PLUS 20% of gains in excess of annual hurdle</td> </tr> <tr> <td>\$1m or greater</td> <td>Negotiated</td> </tr> <tr> <td rowspan="2">Asset Allocation Portfolios</td> <td>Less than \$1m</td> <td>1.00%</td> <td rowspan="2"></td> <td rowspan="2">n/a</td> </tr> <tr> <td>\$1m or greater</td> <td>Negotiated</td> </tr> </tbody> </table> <p>The more assets there are in your account, the more you will pay in fees. Therefore, we share in the benefit as our clients’ asset base grows. In addition to advisory fees, you may also pay fees and expenses to Custodians or Broker Dealers for trading costs such as custody, margin interest, taxes, transaction and trading. You are billed separately for all custody and transaction costs. Mutual fund / ETF investors also will pay the fund/ETF any additional fees that reflect management fees, fund expenses, and distribution fees. The Firm does not receive any portion of such fees. We do not sponsor wrap-fee programs for retail investors at this time. You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.</p>					AUM	Fees		Optional Performance-Based Fee	Separate Account Management	Less than \$1m	1.25%	OR	0.70% Base Fee PLUS 20% of gains in excess of annual hurdle	\$1m or greater	Negotiated	Asset Allocation Portfolios	Less than \$1m	1.00%		n/a	\$1m or greater	Negotiated

<p>What are your legal obligations to me when providing recommendations? How else does your firm make money and what conflicts of interest do you have?</p>	<p>When we act as your investment adviser, we have to act as a fiduciary in your best interest and not put our interest ahead of yours.
